**Lutheran  
Services**

*There for you*

As a Residential Aged Care Provider, Lutheran Services receives funding from the Government to cover the base level of accommodation, meals and care to our residents who require aged care services. This funding is greatly appreciated and essential to the delivery of our services, but there are some things that it does not cover.

At Lutheran Services, our residents are like family to us and we want to provide you with all the little extras that make a big difference to your every day.
