

Community access

Meet new people, try new things.

One-on-one support means you can
get the keys to your community:

- Go on an outing
- Join and participate in social groups
- Meet new people
- Go to movies or a concert
- Head to a sporting event
- Do the shopping, run errands... and more!

We'd love to hear what fires you up!

Together, we tailor an access plan to help
you get started, or maintain, your passions.
