

Welcome to a *new era* in Aged Care living in the *heart* of Buderim.

Immanuel Gardens has undertaken an extensive renovation of our 'Eucalypt' rooms and living areas. The renovation has included a full new fit out of all resident rooms, ensuites, sitting areas, lounge areas, outdoor courtyards and dining and kitchen areas.

Artist's representation only

Places are limited, selling now!

Due for completion in early 2023, these beautiful new rooms will sell fast. Secure your room today. If you or your loved ones need care now, but can't wait until our Eucalypt renovation is complete, we can welcome you into 'Wattle' while you wait.

Contact us today to find out more. We look forward to welcoming you home.

Inspired by *nature*, designed for *tranquil* living.

Upon entering each of the 20 brand new rooms, residents and their families will feel instantly at ease. Inspired by Australian flora and fauna, each room features a calm and contemporary colour palette including a warm, neutral feature wall colour and stylish VJ paneling behind the custom designed timber look beds. All rooms enjoy an abundance of natural light through the inclusion of stunning oversized windows, each with a lush garden view.

Designed with *comfort and versatility* in mind, residents will *love* the variety of light control options available to them in their rooms for *whatever they might need*.

'Eucalypt' rooms and living areas are perfectly designed for rest and play.

Relax with the daily newspaper and a cup of tea in your private sitting area as the early morning light filters in.

Enjoy a good night's sleep or an afternoon rest, with floor to ceiling

block out curtains to help darken the room for ultimate comfort.

Delight in an array of adjoining gathering spaces for residents, family and friends, including sitting rooms, activities areas and even a purpose-designed family room with tea and coffee making facilities.

Outdoor courtyard areas have also been designed so that residents can *soak up the sunshine* and enjoy the *soothing sounds* of the surrounding tropical gardens.

The focal point of the Eucalypt living areas is the stunning new servery and dining area. As part of our innovative Happy Table initiative, the state of the art design is focused on enhancing the resident dining experience and includes a stylish, restaurant quality servery.
