

It's the *little extras* that make a *big difference*.

As a Residential Aged Care provider, Lutheran Services receives funding from the Government to cover the base level of accommodation, meals and care to our residents who require aged care services. This funding is greatly appreciated and essential to the delivery of our services but there are some things that it does not cover.

At Lutheran Services, our residents are like family to us and we want to provide them with all the creature comforts they deserve—to make every day brighter and enhance their quality of life.

That's why, to coincide with our brand new Eucalypt renovations at Immanuel Gardens, we are introducing Additional Services at an extra daily cost.

The cost of Additional Services may vary depending on your circumstances. Please speak to your Client Services Advisor for more information.

\$20 per day
